

Indigestion Remedy Free

To any victim of indigestion the offer is made that if he or she will send name and address, a free sample of a remedy that is daily curing indigestion will be sent. This remedy is Dr. Caldwell's Syrup Pepsin. Instead of taking the advice of your friends, or using lozenges, peppermints and other things, write for this free sample and see what it will do for you. There is no remedy that has been more successful in the cure of indigestion, sick headache, heartburn, etc., than this grand laxative tonic, because instead of being simply a breath perfume it goes to the root of the trouble, which is poor bowel movement, and cures that. Once the bowels are relieved the stomach has a better chance to do its work. Thousands in the past have accepted the offer of a free sample and later became steady users of Syrup Pepsin. All that Dr. Caldwell desires is that you allow him to prove to you, at his own expense, that his remedy will do as claimed. When you have used the sample and are convinced, you can buy a further supply of your druggist at fifty cents and one dollar a bottle, just as others are doing who once sent for a free sample. You will learn to abandon "dyspepsia cures" for indigestion and cathartic pills and salts for constipation, for Dr. Caldwell's Syrup Pepsin is a permanent cure, while these are but temporary reliefs. Here is a mild, pleasant, non-grating remedy that can be given to a child with perfect safety. In fact, it is especially adapted to children. Read the many letters of recommendation that users have written for Syrup Pepsin, then try it yourself and you will see that these claims are justified. Thousands of the best American families have Dr. Caldwell's Syrup Pepsin constantly in the house.

Use

Dr. Caldwell's Syrup Pepsin

Dr. W. R. Caldwell, M.D., Monticello, Ill.
Dear Sir:—
I was highly pleased with the sample sent me and with other people who have stomach troubles would know about it. Should be pleased to distribute samples to others who are suffering.

Your letter and sample at hand. I thought I would answer and tell you that it is the thing I have been looking for. I find it to be the best medicine I have ever used. I am going to get my third bottle this week, as I would not get without it. I give it to my children all the time and it acts like magic and will never be without it. I am thankful to you for it.—MRS. MARY BELFORD, 170 Cocks St., Louisville Ky.

One with stomach troubles.—T. K. WELLS, 1214 Kittanning St., Harrisburg, Pa.

DR. CALDWELL PERSONALLY WILL BE PLEASED TO GIVE YOU ANY MEDICAL ADVICE YOU MAY DESIRE FOR YOURSELF OR FAMILY PERTAINING TO THE STOMACH, LIVER OR BOWELS, ABSOLUTELY FREE OF CHARGE. EXPLAIN YOUR CASE IN A LETTER AND HE WILL REPLY TO YOU IN DETAIL. FOR THE FREE SAMPLE SEND YOUR NAME AND ADDRESS ON A POSTAL CARD OR OTHERWISE. FOR EITHER REQUEST THE DOCTOR'S ADDRESS IS DR. W. R. CALDWELL, R. 315 CALDWELL BLDG., MONTICELLO, ILL.

Why Have an Overheated Kitchen in Summer?

When the sultry days come and the coal range makes the kitchen almost unbearable and cooking a dreaded task, put out the range fire and try the newest method of cooking in hot weather—use a

New Perfection Oil Cook-stove

What a contrast! The kitchen no longer is stifling hot, the work is now done with comfort, and the housewife is not worn out with the heat.

She saves her strength, keeps her health and is better able to enjoy the summer.

The New Perfection does everything that any other stove can do—all the family cooking, baking, washing and ironing. No smoke, no dust, no odor. Heat is applied directly and not wasted. A turn, and the flame is out.

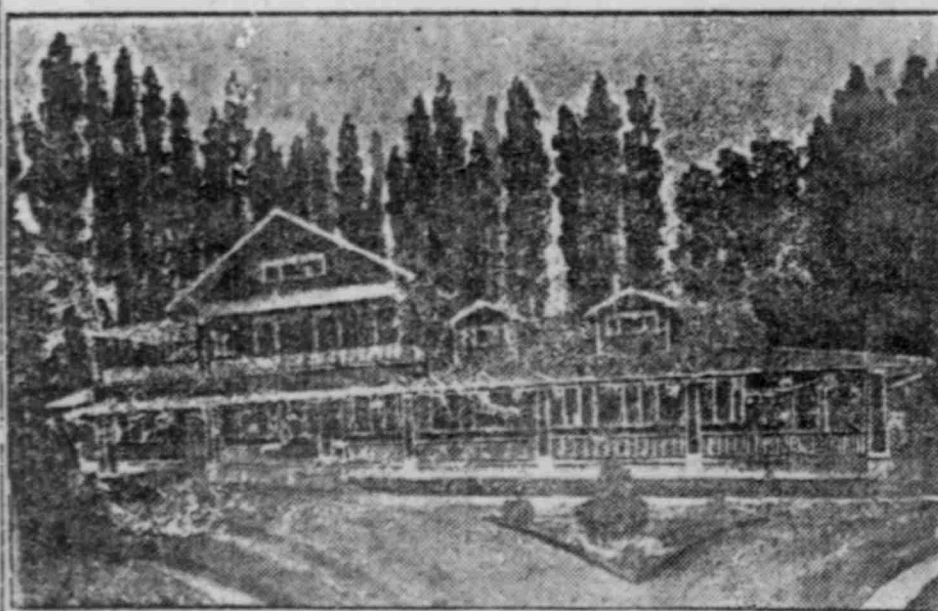

The New Perfection stove has a Cabinet Top with shelf for keeping plates and food hot, drop shelves for the coffee pot or saucepans, and nicked towel racks.

It has long turquoise-blue enamel chimneys. The nickel finish, with the bright blue of the chimneys, makes the stove very attractive and invites cleanliness. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

Every dealer everywhere; if not at yours, write for Descriptive Circular to the nearest agency of the

TEACHERS TO DANCE AT 4-DAY MEETING

Annual Conference of Instructors in L. D. S. Schools Will Begin Tomorrow.

Aside from a slight tribute to be paid at the shrine of the Goddess Terpsichore tomorrow night at the Odeon, when the more than 700 delegates to the annual conference of L. D. S. school teachers will trip the light fantastic toe, these meetings will be devoted strictly to the business of exchanging ideas on how best to carry on school work. The convention will begin tomorrow morning at 9:30 in the L. D. S. university. The program follows:

Monday.
9:30 a. m.—Singing, "Hark, Listen to the Trumpeters." Address, Assistant General Superintendent Hyrum M. Smith. Paper, "Preparation of the Teacher for the Special Function of Religion Class Work." H. Peterson, dean of teachers' college. Discussion, led by President James H. Linder.

2 p. m.—Paper, "Methods and Devices in Religion Class Work." William A. Morton. Discussion, led by Daniel B. Jones. Paper, "Use of Pictures in Religion Class Work." J. H. Evans. Discussion, led by P. J. Jepsen.

Tuesday.
9 a. m.—The B. Y. college will furnish the music for this date. Address, Dr. Joseph T. Kingsbury, president of University of Utah. Paper, general topic, "How to Teach the Individual Student." (a) at his home, Alice Reynolds. Discussion, led by a 10 minutes' paper, A. C. Peterson. General discussion limited to five minutes to each speaker.
2 p. m.—Religion class department meeting, presiding officer, William A. Morton. Paper, "Helpful Supervision." (a) in the stake; (b) in the ward, A. B. Anderson. Lohi. Discussion, led by Nathan Hawkes, West Weber, Utah. Department meetings will be held as follows: (a) Teachers of the subjects mentioned below will meet the respective committees appointed to study and report upon text books to be adopted. The chairmen of the committees will preside and appoint secretaries in their respective departments. All teachers are expected to take an active part in considering the merits of text books offered for adoption. Each chairman will transmit in writing to the board of examiners the vote of his department on the text books getting the highest and next highest vote for adoption, and a brief statement of the points of excellence of the texts chosen: 1. English; 2. biology; 3. physics; 4. modern languages; 5. music; 6. drawing. Teachers in branches of industrial education will meet in their respective departments and consider courses of study, texts, charts, etc., to be used and credits to be given, and make in writing such recommendations to the board of examiners as they think should be made uniform in the church schools. A chairman and secretary will be elected in each department: 1. domestic art; 2. domestic science.

Wednesday.
9 a. m.—The B. Y. university will furnish the music for this date. Paper, general topic, "How to Reach the Individual Student." (a) in his social and religious life, Newton E. Noyes. Written discussion, 10 minutes. W. M. McKendrick. General discussion, five minutes each, by matrons of schools.

2 p. m.—Religion class department meeting. Presiding officer, J. W. Sumner. Paper, "Religion Class Results as Seen by Presiding Authorities." (a) in the stake; (b) in wards, J. L. Brown, Provo. Department meeting to consider text-books for adoption—mathematics, chemistry, history, drawing, education, agriculture. Department meeting on industrial work. Manual training, agriculture.

Thursday.
9 a. m.—The Weber academy will furnish the music for this date. Paper, general topic, "How to Reach the Individual Student." (a) in the school, J. E. Hickman. Written discussion, 10 minutes. D. C. Jensen, Logan. General discussion, five minutes each.

2 p. m.—Religion class department meeting. Presiding officer, John Henry Evans. Paper, "Religion Class Work of the High School." (a) William Robinson, Heber City. Discussion, led by A. C. Peterson, Thatcher, Ariz. Department meetings to consider text-books for adoption in physiology, psychology, physical geography and geology, Latin, reference books in theology. Department meetings on industrial work, etc., commercial work, art work, matron work.

Friday.
9 a. m.—The L. D. S. high school will furnish the music for this date. "Correlation of English and Theology." Osbourne J. P. Wildtsoe. Written discussion, 10 minutes. Reinhold Maeser. General discussion, five minutes each. Question for general discussion: "Can Elementary Psychology Be Taught in the First or Second Year of High School?"

GRADUATES ENJOY DANCE

Senior Class of St. Mary's Academy Guests of Alumnae, at Knights of Columbus Hall.

The Alumni association of St. Mary's academy gave a formal dancing party to the graduating class of that institution in Knights of Columbus hall last night. It was in the form of a beautifully arranged invitation of the graduates into the social ranks of the alumnae. The hall had been attractively decorated for the occasion. Beginning at 8 the dancing continued until midnight. Refreshments were served.

Those of the alumnae in charge of the party were Miss Grace Sullivan, Miss Edna Camomile and Miss Ethel Bixby. These were assisted by Mrs. John G. Guerin, Mrs. J. D. Sullivan and Mrs. J. T. White. Members of the evening included the Misses Alice Weldon, Winnie McDonough, Angeline Heckard, Mary Sullivan, Adelaide Sun, Lillie Broyles, Nell Smith, Mary Sullivan, Minnie Reno, Rhea Whitley, Mary Hughes and Lydia White. Numerous guests from Ogden were in attendance.

FIELD DAY AT LAGOON

Davis County School Children Give Program of Sports and Games at Pretty Resort.

Field day for the public schools of Davis county was held at Lagoon yesterday. After the commencement exercises held in the Farmington meeting house, the 140 graduates, their parents and friends went to Lagoon, where the annual field events were held.

During the afternoon a baseball game was played between teams from the south and north ends of Davis county. The boys from the southern end of the county won—6 to 5. A prize of \$10 was awarded to the winning team by the management. Swimming, boating and dancing

It Is Not Mere Beauty of Pattern

to which we invite your attention, for good cloths in the hands of bad tailors make poor clothes. The tailoring on all our garments is of the highest order and the modeling is all done over living models, giving the clothes a real body-fitting effect not embodied in ordinary kinds—Siegel's clothes are always best.

were enjoyed during the afternoon. A feature of the dancing was the prize waltz, which was won by Earl Session of Bountiful and Eliza Hadlock of South Hooper.

The committee in charge of the celebration was Mrs. M. C. Barlow of Bountiful and Elijah King of Layton.

OVERLAND AUTO DRIVEN BY LONE WOMAN SPEEDS TOWARDS SALT LAKE

Most Remarkable Demonstration of Simplicity and Reliability Ever Shown by Any Car.

MISS SCOTT DRIVES FROM OCEAN TO OCEAN.

"EVEN A WOMAN (SINGLE HANDED) CAN DO IT WITH AN OVERLAND."

With absolutely no masculine assistance Miss Blanch Stuart Scott left New York City early in May for San Francisco, driving her Overland "Thirty-eight" Roadster, her sole company being her colored maid. This sturdy young woman is now whizzing through Ohio, the plucky little car gliding over all kinds of roads without a protest from its mechanism.

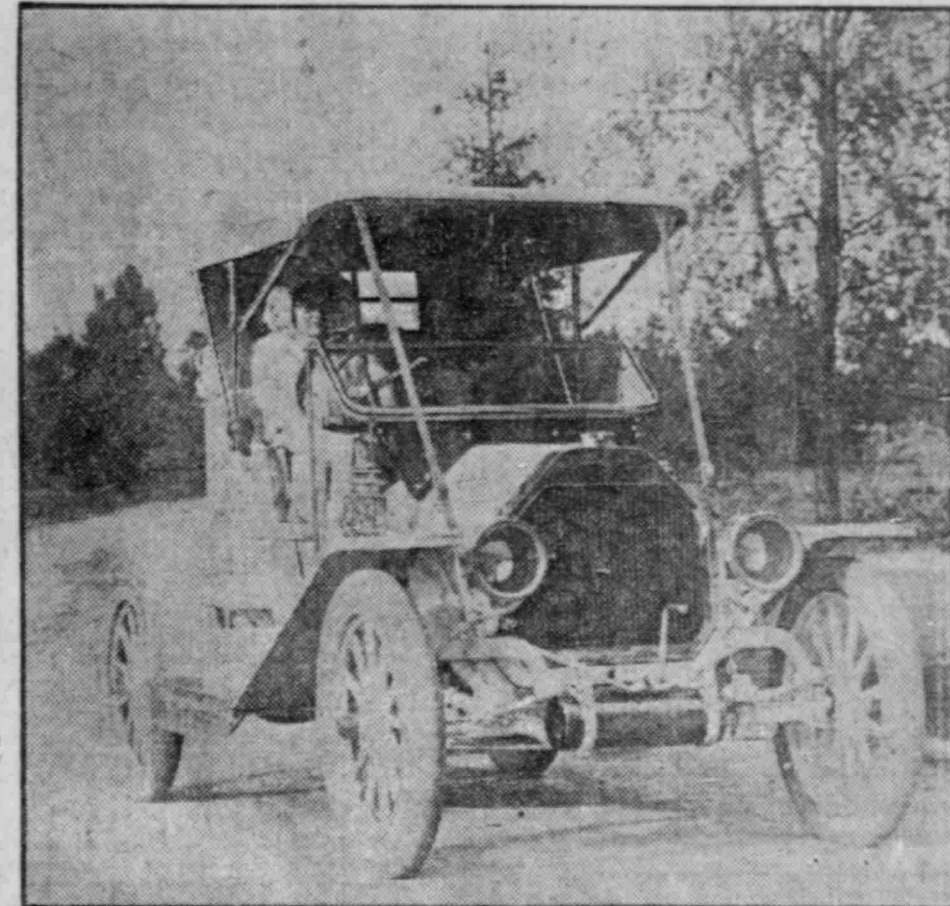

Miss Scott knows an Overland. She appreciated the fact of its simplicity and reputation for reliability. She knew that she could go from the Atlantic to the Pacific without male assistance, and that the trip in such a car would be a pleasure instead of a hardship. Her trip is one only of pleasure. As she says:

"It is no wild road race—no senseless westward dash, but a most enjoyable trip over God's own land, the United States."

So far the journey has been all that she anticipated. The little Overland has behaved as she knew it would. No unsurmountable hills have been met.

This coast to coast trip, made by a woman in a stock car, is what the Overland actually DOES. Such an example demonstrates to the women of the United States that this is a woman's car, that the fair driver can now step forward out of the electric vehicle class. Not that an electric should be considered passe, as it will always be more or less popular; but a simplified gasoline car capable of a greater scope of utility, a car that will DO more than an electric with the same simplicity of action, at the same time being less expensive in price and upkeep, is bound, naturally, to eclipse the electric's popularity.

The winning simplicity of Miss Scott's type of car appeals just as strongly to men, as the fewer mechanical arrangements the driver need keep his eye on the more pleasure he can obtain from the scenes along the road. The diversion and enjoyment of motoring are often spoiled or materially diminished by having a car that requires the constant attention of

MISS SCOTT.
"Overland in an Overland."

and none will be, she firmly believes. The weather man has so far been friendly, and jolly Miss Scott even evening tells the wondering crowds that gather around her car at the best hotels on the route, a happy, enthusiastic story of the trip "overland in an Overland."

This transcontinental journey, on which Miss Scott has made such a good start, is a great advertisement for the Overland automobile. The particular car being driven by the young woman is a stock car, having no special machinery nor facilities for making such an endurance test. Heretofore endurance tests have been made with a special engine, but the little car that Miss Scott is driving towards her goal—"Frisco"—is the regular "38" Overland Roadster that is sold all over the world for \$1,000. It has been termed "the first real car for \$1,000." A test of this kind is worth more to the Overland than all the words in the dictionary descriptive of what an automobile CAN do.

Miss Scott will be in Salt Lake before many weeks, when she will be given as warm and as an extended welcome as she is willing to receive. Watch for her and the little Overland.
